

# HOPE FOR HENRY TOP FIVE REPORT

May 2023

## New Super Reward: Blood Test

Our expansion is extending beyond the hospital. Our brand-new Blood Test and popular Vaccination programs are available in clinics and pharmacies nationwide. Ask your local healthcare provider if they're in stock!

## Expanding Our Boards

We are growing our Associate Boards to better represent our broad and growing geographic presence! Be on the lookout for opportunities to join in DC, NY starting in June, and CLE and LA later this year.

## The Toy Foundation

We are thrilled to add [The Toy Foundation](#) to our network of partners! The partnership will link TTF's Toy Bank to our toy distribution system, connect TTF's Children's Hospital Play Grants hospital partners to Super Rewards, and expand both organizations' capacity to support children's hospitals, play therapists, and the children and families they serve.

## New Hospital Partners

Please welcome Hope for Henry's newest hospital partners [MD Anderson](#), [Comer Children's](#), [Children's Hospital New Orleans](#), and [Nemours Children's Hospital, Florida](#). Our industry-leading program is now part of the exceptional care delivered by 34 hospitals around the country, and we are well on our way to our goal of 50 by year-end.

## Save The Date!

Tickets are now available for our [Benefit Concert](#) on June 8 featuring local DC artists and our [Annual Gala](#) on October 7. Get yours today!
