

HOPE FOR HENRY TOP FIVE REPORT

August 2023

We Are Your Vaccination Destination!

To help prepare families for vaccinations, Hope for Henry has developed age-appropriate information and tools to improve you and your child's overall vaccination experience. Check out the videos, digital downloads, and more [here!](#)

New Hospital Partner

Please join us in welcoming Children's Hospital of The King's Daughters in Norfolk, VA to our always-expanding list of partners! They were introduced to us by a young patient, Jordyn, who recently passed away. According to her child life specialist, "The last time I was able to work with Jordyn, I was able to tell her that one day soon, we would have the program at CHKD, and I will never forget the excitement on her face. Bringing Hope for Henry to CHKD will be a lasting legacy for those of us who worked with Jordyn."

Upcoming Events

Located in the DMV area? Join us on Sunday, October 15th at Butler's Orchard for our annual Family Fall Fest! We'll have hayrides, candy apples, and all the fall festivities you can imagine! [Info here!](#)

Are you a New Yorker HFH Supporter? Join us Sunday, November 5th at Three Monkeys bar to celebrate and relax after the Marathon with our Sweat & Sip Social. [Click here for more!](#)

Gala + After Party

Our gala is just two months away! There are a few tables left, and plenty of tickets available for the After Party. [Click here](#) for more information about the event, and purchase your ticket today!

Mid-Year Status Report

Our goal for 2023 is to expand Hope for Henry to 50 hospitals and serve an additional 20,000 children. With 38 current partners and 10 in the pipeline, we're well on our way! We've served 12,949 patients this year alone, with 96% reporting improved experiences.
