

HOPE FOR HENRY TOP FIVE REPORT

July 2023

Sickle Cell Booster Box

We're excited to introduce our latest addition to the Super Path incentive program: The Sickle Cell Booster Box. This latest innovation is a first-of-its-kind collection of resources designed to keep sickle cell patients engaged in and informed about their treatment and reward them for adhering to their medical plans so they can heal better, faster.

New Hospital Partners

We are so excited to welcome two new partners: Stroger Hospital at Cook County Health and the University of Georgia in partnership with NIH to grow our family of Super Rewards users. This brings our total to 38 health care partners whose pediatric patients are healing and flourishing thanks to Hope for Henry.

Building Health Equity

Our new partners mentioned above represent a new frontier for Hope for Henry. Both institutions support underserved populations, and we are excited to be able to provide these patients with resources to help them navigate their care and reward them for doing so. These relationships honor Hope for Henry's commitment to health equity.

Upcoming Events

Our Sunset Rosé Soirée, hosted and organized by the DC Associate Board, is just around the corner! Join us on July 28th for good drinks and good times for a good cause. [Click here to purchase tickets!](#)

Volunteer Spotlight

Rose and her daughter London have been instrumental in supporting Hope for Henry through their volunteer efforts. They have assembled thousands of game boards, packed hundreds of birthday boxes, and are a joy to have in the office!
