New Hospital Partner

Please join us in welcoming our newest hospital partner, Cincinnati Children's! Cited by U.S. News and World Report as the nation's best children's hospital, we couldn't be more thrilled to bring our programming to their patients.

The Power of Play: HFH + Lego + LittleBricks

This week, the all-new LEGO® Discovery Center DC, Hope for Henry, and LittleBricks joined forces for an exclusive morning of fun for 15 families with kids who have experienced recent hospitalization. The following day, we brought the power of playing with LEGO to kids and families at Children's National.
